BEVERAGE CUPS

OUR ADVANTAGES

These disposable cups are made in India, ensuring a low carbon footprint. Our full-colour, all-over printing capabilities allow you to customize your printed paper cups to suit your needs. We use vegetable or water-based inks, ensuring your branded cups are eco-friendly.

WHAT MAKES OUR CUPS DIFFERENT?

SUSTAINABLY SOURCED PAPER

These cups are made with paper sourced from certified plantation forests. Paper, being a renewable and recyclable product contributes to a circular economy where materials can be reused to create new products.

RECYCLABLE

Made from PE-lined paper board, a material that's easier to recycle than milk cartons, these cups reduce the amount of waste sent to landfills, and thus can be reused.

PERFECT FIT LIDS

Lids are essential to keep Liquids secure. Our lids are microwave-safe, freezer-safe, and made with 100% food-grade plastic.

CUSTOM PRINTING

These cups be designed based on your preferences, whether it's a certain pattern or look and feel you are looking at, or imprint a unique visual identity.

SINGLE WALL CUP

Attractive, light weight and biodegradable single wall cups offer a firm grip and adequate heat protection while holding hotter beverages like tea, coffee or soups. These high quality, durable cups can also be customized as per your preference and are available in various sizes

OUR CORE VALUES

We keep a keen focus on our four key value propositions while designing packaging solutions: Innovation, customisation, partnership, and sustainability.

INNOVATION

We make food stand out with our superior know-how of the market and modern means of technology

PARTNERSHIP

We promise to bring dedication and invest in a long-term partnership with you as a customer by offering unparalleled customer satisfaction.

SUSTAINABILITY

We work to benefit the generations that come after us, by focusing on using green initiatives that don't put a pressure on the environment.

We pledge to reduce our CO2 footprint to Zero
by adopting the following eco-friendly measures:

SUSTAINABILITY IS THE FIBRE OF OUR COMPANY

Sustainability is about meeting today's need without compromising on the ability of future generations to do the same.

Using building blocks such as: reduced material consumption, recyclable solutions, renewable materials, and new technologies and business models we are developing sustainable packaging concepts and economical solutions. We pledge to reduce our Co2 footprint to Zero by adopting the following eco-friendly measures:

1. SUSTAINABLY SOURCED PAPER

Our cups are made with paper sourced from certified plantation forests. Paper is both renewable and recyclable, contributing to a circular economy where materials can be reused to produce new products

2. WATER-BASED INKS

We only use water-based inks for printing our cups, which are free from harmful toxic chemicals, and are made from natural substances.

3. RECYCLABLE IN NATURE

Made from PE-lined paper board, a material that is easier to recycle than milk cartons, they provide a valuable resource that can be reused, reducing the amount of waste sent to landfills. Even our aluminium products are 100% recyclable and can be used in all applications-mircowave, oven grill, freezer.
